

Keeping up with the procession is not enough for the General—he must lead. And lead he does—in volume, quality and price. The General's leadership is due to the enormous resources at his command—the five *m's* of modern manufacturing—men, money, mills, machinery and materials.

Men who have learned the roofing business through years of practical experience are in charge of every department of the business. Men who have made a life study of the blending of asphalts comprise the General's Board of Expert Chemists.

Money—the means to promote efficiency, increase output, reduce cost, prevent waste—is at the General's call in abundance.

Mills—the largest roofing mills in the world are the General's. They are advantageously located at points where cost of fuel, access to raw materials and quick distribution of finished products are most favorable.

Machinery—the most modern known to the roofing business, equips each of the

General's enormous mills. Not a dollar is left unspent which would speed up production, increase quality or lower costs.

Materials—the food of the mills—is bought by the General in enormous quantities, and stored. This means the pick of the market and favorable buying, and no loss from idle machinery, due to shortage of materials.

Thus the success of CERTAIN-TEED Roofing is no secret, but is due to a combination of resources and experience without parallel in the roofing business.

CERTAIN-TEED is made of the best quality roofing felt, thoroughly saturated with a scientific blend of soft asphalts, the formula of the General's board of expert

chemists. It is then coated with a blend of harder asphalts, which keeps the inner saturation soft and prevents the drying-out so destructive to the ordinary roof.

CERTAIN-TEED is guaranteed for 5, 10 or 15 years, according to ply (1, 2 or 3). Experience proves that it lasts longer.

CERTAIN-TEED is made in rolls; also in slate-surfaced shingles. There is a type of CERTAIN-TEED for every kind of building, with flat or pitched roof, from skyscraper to small residence or out-building.

CERTAIN-TEED is sold by responsible dealers all over the world, at reasonable prices. Investigate it before you decide on any type of roof.

GRIFFITH CREEK.

M. C. Sammons and the Misses Gardner attended the teachers meeting at Richardson last Friday.

Nellie, little daughter of M. T. Preece is very sick.

The Wilson Saw Mill Co., is putting up the building for their mill. The new engine to replace the one destroyed last week will arrive in a few days.

Grover McCallum and wife spent a few days last week at Catlettburg and vicinity.

"Red" Wilson had charge of Mack's truck during his absence.

Tom McClure is putting up a silo. Mr. McClure and his brother, Joe P. McClure have bought a filler. They will buy an engine of such size as to quickly dispose of their work. So as to be able to fill other silos making it a very much cheaper outlay than if every silo owner had to furnish his own power, which should be a good inducement for men silos.

Wm. Childers is in Pike county buying boat lumber for the government.

Uncle Flurry Sammons of Louisa is here the guest of relatives.

Ye type setter failed to get all our letter last week. Mr. and Mrs. J. H. McClure's new heir is a fine boy and was named George for each of his grandfathers.

Died, last Tuesday, a little four year old daughter of Wm. Cole at Chapman of typhoid.

Walter Thompson, who has been working on the Lexington division for several months is again with us working the morning train.

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health.

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

At all druggists.

Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 64-page book, "Home Treatment for Women," in plain wrapper. B.C. 188
